Education

Yale University

2025 – present

Visiting Student, Department of Economics

- Ph.D. coursework: Industrial Organization I (*Honors*); Econometrics of Dependent Data / Econometrics IV (*Honors*); Measure Theory and Integration (Fall 2026)
- Audited: Econometrics III; Industrial Organization II

Stockholm School of Economics, Sweden

2023 – 2025

M.S. Economics — GPA 4.68/5.00 (5.00/5.00 in core mathematics, microeconomic theory, and econometrics); President's List (top 10% of cohort)

- Ph.D. coursework (Stockholm University): Econometrics I–II (*Honors*), Applied Empirical Economics I, 2024 — taken concurrently with the M.S.; excluded from the M.S. GPA
- Thesis: “Markups and Public Procurement” — awarded the highest grade; advisor: Jaakko Meriläinen
- Visiting student (Erasmus+), Bocconi University, Spring 2025: Partial Differential Equations (30/30), Information Theory (29/30), Deep Learning and Reinforcement Learning (27/30), Optimization (22/30)

Charles University, Prague, Czech Republic

2020 – 2023

B.S. Economics and Finance — with Highest Honors, summa cum laude (top 3% of graduates), 3.81/4.00

- Thesis: “Markups and Public Procurement” — awarded the highest grade; advisor: Matěj Bajgar
- Visiting student (Erasmus+), Maastricht University, Spring 2023: Dynamic Modelling and Dynamic Optimisation (Pontryagin maximum principle; 9/10), forecasting and data-science coursework

Standardized Tests

GRE: Quantitative 168/170, Verbal 160/170, Analytical Writing 4.0/6.0

Fields

Industrial Organization (primary); Econometrics (secondary)

Working Paper

Markups and Public Procurement: Evidence from Czech Construction Tenders

First Place, 32nd Young Economist of the Year Award, Czech Economic Society, 2025

Public procurement raises firm markups by approximately 15% during contract years, estimated on a 2006–2021 panel of Czech construction firms through a structural production-function framework, with selection-on-observables designs and models for unobserved factors addressing participation bias. A temporal analysis using synthetic-control and matrix-completion methods shows treatment effects declining from roughly 30% in 2006 to 10% in 2021 — consistent with institutional improvements and increasing efficiency in Czech public spending. Substantially revised and extended during Yale Ph.D. coursework, 2025–26; latest draft available on request.

Research in Progress

Meta-Analysis of Reproductions across Methods and Fields (with Abel Brodeur et al., Institute for Replication), 2026

Strong Exclusion for the Production Approach: Misspecification-Robust Estimation of Markups and Their Treatment Effects (research proposal), 2026 [\[Proposal\]](#)

Research Positions

Predoctoral Fellow, Tobin Center for Economic Policy, Yale University

2025 – 26

Research assistant to Professors Seth Zimmerman and Barbara Biasi (economics of education): data pipelines on large administrative datasets, empirical analysis, replication, and manuscript preparation (Python, R, Stata)

Research Assistant, Institute for International Economic Studies (IIES)

2024 – 25

Kizazi Kijacho early-childhood field experiment (Prof. Ingvild Almås): survey data management, consumption aggregates, item-response-theory measures of child development, heterogeneity analysis, power calculations

Research Assistant, IDEA at CERGE-EI, Prague

2022

Industrial policy evaluation (Prof. Matěj Bajgar): cleaned and linked firm-level microdata; first exposure to the procurement and markups literature behind the thesis

Presentations & Conferences

“Markups and Public Procurement”: [Pre-Doctoral Economics Conference](#), Yale University, June 2026; Graduate Industrial Organization II (ECON 601), Yale University, Spring 2026; Young Economist of the Year Award presentation, Czech Economic Society, CERGE-EI, November 2025 [\[video\]](#); Tobin Pre-Doctoral Lunch Seminar, Yale University, December 2025

Attended: Cowles Foundation Conferences, Yale University — Econometrics, June 2026; Models & Measurement, June 2026; Econometrics, October 2025. Econometric Game (Stockholm School of Economics team), University of Amsterdam, April 2024

Fellowships & Awards

- 32nd Young Economist of the Year Award (First Place), Czech Economic Society, 2025
- 8th Lindau Nobel Meeting in Economic Sciences (one of ~400 young economists selected worldwide), Royal Swedish Academy of Sciences, 2025
- Erasmus+ Scholarship, Maastricht University (NL) and Bocconi University (IT), 2023 and 2025
- President’s List Award (top 10% of cohort), Stockholm School of Economics, 2025
- Dean’s Merit Award (excellent academic results), Charles University, 2023

Teaching

Teaching Fellow, BE603 Data Analytics III, Stockholm School of Economics	2023
Econometrics seminar with applications in R for Prof. Mickaël Buffart; graded the final exam	

Other Professional Experience

Rohlik Group — Machine Learning Intern, dynamic pricing team	2022
České priority — Junior Analyst, foresight team	2022

Short Courses

- [Discrete choice models](#) (BLP demand estimation, Rust-style dynamic discrete choice), math+econ+code masterclass, Prof. Alfred Galichon (NYU), May 2026
- [Estimating large-scale matching models](#), math+econ+code masterclass, Prof. Alfred Galichon (NYU), March 2026
- [Econometrics \(PHD401\)](#), Prof. Magne Mogstad (University of Chicago), University of Stavanger Business School, June 2025

Skills & Personal

Software: Bash, Python, R, Stata, Julia, MATLAB, Git, L^AT_EX

Languages: Czech (native); English (fluent); German (intermediate)

Athletics: Endurance sports — running, Nordic skiing, cycling, triathlon; member, Yale Cycling and Yale Triathlon club teams
